_____)	

PETITIONER'S MOTION TO AMEND PLEADING

To: Ennis Inc. 2441 Presidential Parkway, Midlothian, TX 76065, United States.

1. Petitioner Joel L. Beling d/b/a Supa Charaters Pty Ltd ("Petitioner") filed his Petition to Cancel ("Petition") with the United States Patent and Trademark Office Trademark Trial and Appeal Board ("TTAB") on or about March 23, 2012, by filing same electronically through the Electronic System for Trademark Trials and Appeals ("ESTTA").
2. Petitioner moves to amend his pleading pursuant to the Federal Rules of Civil Procedure, Rule 15, to add one count of fraud pursuant to 15 U.S.C. §1064(3), in which Petitioner alleges that Registrant's COLORWORX registration should be cancelled because it was fraudulently obtained.
3. Petitioner incorporates by all paragraphs of his Petition by reference.
4. During the Prosecution of U.S. Trademark Registration No. 3,372,884 ("Colorworx"), Registrant and/or its attorneys knowingly made false and material misrepresentations to the United States Patent and Trademark Office ("USPTO") with the intent to deceive the USPTO into issuing a registration.

5. In Registrant's Section 2(f) Declaration and in other declarations to the USPTO, Registrant swore that Registrant had engaged in substantially exclusive and continuous use in commerce of the COLORWORX mark in respect of the Registrant's goods and services for the five years before the date on which the claim of distinctiveness was made.
6. Statements made in Registrant's application to the United States Patent and Trademark Office to register the mark COLORWORX were therefore false or misleading because Registrant and/or its attorneys were aware of other traders who used the COLORWORX, COLOR WORX, COLORWORKS and/or COLOR WORKS marks in the same, similar, closely related or related fields.
7. Statements made in Registrant's application to the USPTO to register the mark COLORWORX did therefore constitute a knowingly false representation of material fact because Registrant and/or its attorneys were aware of other traders who used the COLORWORX, COLOR WORX, COLORWORKS and/or COLOR WORKS marks in the same, similar, closely related or related fields.
8. Registrant and/or its attorneys did therefore commit fraud on the USPTO in obtaining the registration for the mark COLORWORX.
9. The bases for the Motion to Amend Pleading are that:
 - (a) it is still very early in the proceeding, the Discovery Conference just having taken place yesterday (2nd June 2012);
 - (a) Petitioner had and is still having major trouble accessing and using the USPTO and ESTTA websites because of technical difficulties concerning the loading, uploading and downloading of documents. Petitioner was only able to open documents pertaining to Registrant's Colorworx file (U.S. Trademark Registration No. 3,372,884) approximately four weeks ago;
 - (b) because of the time difference between Australia and the United States Petitioner finds it difficult to communicate with the technical support staff of the USPTO and ESTTA to resolve the technical problems accessing the USPTO and ESTTA websites;
 - (c) when the USPTO and ESTTA technical support staff do reply to email requests for assistance, it is often several days late and no practical assistance is provided;
 - (d) Registrant's (Opposer's) Request for Admissions dated April 26, 2012 in Opposition Number 91203884 against my Color Wars trademark application, in Request Numbers 25-27 (attached hereto as Exhibit A), demonstrate that fraud is a live issue and material fact in this cancellation proceeding and in the opposition proceeding.
 - (e) Petitioner's first repleading (filed with ESTTA on the 8th May 2012; ESTTA tracking Number ESTTA471430) was not a real or substantive repleading, since Petitioner merely submitted the same

documents with no substantive changes to that which was originally served on Registrant in PDF form (Registrant claimed it could not open all the exhibit files) and Petitioner could not, by virtue of technical difficulties, file said Exhibits through ESTTA.

- (f) The trial period is still more than seven (7) months away.
 - (g) Petitioner has requested all documents pertaining to Registrant's Registration of the COLORWORX mark from Registrant and its attorneys in order to investigate the possibility of fraud and has been denied.
 - (h) Petitioner has asked Registrant and its attorneys for written responses in relation to the issue of possible fraud in respect of Registrant's Registration of the COLORWORX mark and has been denied.
 - (i) Because of the above reasons, the interests of justice dictate that it would be fair and just to amend the pleading.
9. Registrant's and/or its attorney's actions in connection with the Prosecution of U.S. Registration No. 3,372,884 constitute fraud such that U.S. Registration No. 3,372,884 is invalid and should be cancelled.
10. For sake of completeness, if the Trademark Trial and Appeal Board grant this Motion I consent to Registrant having a four (4) week period within which to answer the amended pleading.

PRAYER

WHEREFORE, PREMISES CONSIDERED, petitioner prays to replead by required amendment.

Dated: June 3, 2012
submitted,

Respectfully

JOEL BELING

EXHIBIT A

Opposer's Request for Admissions in Color Wars Opposition (Proceeding No. 91203884)

REQUEST NO. 25: Statements made in Ennis's application to the United States Patent and Trademark Office to register the mark COLORWORX[®] were not false or misleading.

RESPONSE:

REQUEST NO. 26: Statements made in Ennis's application to the United States Patent and Trademark Office to register the mark COLORWORX[®] did not constitute a knowingly false representation of material fact.

RESPONSE:

REQUEST NO. 27: Ennis did not commit fraud on the United States Patent and Trademark Office in obtaining the registration for the mark COLORWORX[®].

RESPONSE:

CERTIFICATE OF SERVICE

I hereby certify that a true and correct copy of the foregoing **MOTION TO AMEND PLEADING** was served on all parties, this the 3rd June, 2012, by sending the same electronic mail, to the following:

COLORWORXSM

NOTHING MAKES A BIGGER IMPACT
THAN COLOR!

High Quality, Full Color

ColorWorx provides the quality, full color printing you expect at an affordable price. We offer a full range of services to enhance your order, just tell us what you need!

Quick Turnaround

Most orders ship in 7 working days or less from receipt of acceptable artwork/disk.

Low Quantities

ColorWorx provides first class results on quantities as low as 500.

ColorWorx...Guarantee

We're proud of the work we do. And if we don't do it right, we'll make it right. Period.

Standard Printing

All standard ColorWorx products are printed in 4-color process only. All PMS colors in files will be automatically converted to CMYK process equivalents. Be aware this can cause a slight color shift.

Color Matching

ColorWorx is a "gang run" style print company. Your job will be run on a press sheet with other jobs and will be run to standard color densities. The overall dominant color on a sheet may cause individual job colors to shift slightly. We make every effort to produce a reasonable representation; however, ColorWorx, like all other gang run commercial printers, does not guarantee an exact color match.

Payment/Ordering Terms

You can apply for open account by completing our credit application. Upon approval of open account terms, payment must be received within 30 days from the date of invoice. We accept checks, VISA, MasterCard, American Express and Discover. A purchase order or order form must be submitted before we can process your order. Order forms can be downloaded from our website.

Artwork (Electronic)

We have an electronic workflow and accept all MAC and MAC compatible files. Artwork must be submitted on our design templates and file submission guidelines must be followed to ensure proper file output. Templates and tip sheets are available. Incorrect files will delay production. We will notify you of charges to correct or alter files. When utilizing our FTP site or e-mailing smaller files, be sure to properly label the transmission with your dealer information so we can match it to your order. Send PDF hard-copy of your file expectations with your purchase order or order form.

Artwork (Copy Errors)

Customer files are reviewed before output to ensure accuracy and that your expectations are met. However, we are not liable for errors in customer submitted files or for unexpected file output when no color separated lasers are sent. Additionally, when a remake is warranted the order will be produced according to the original specifications, without alteration.

Proofs

FAX or PDF: \$20.00 (P) each. Color Digital: \$50.00 (P) each. Proof approval or changes need to be indicated in writing. Changes may incur additional prep charges. Production time begins after proof approval. A reasonable variation in color between proofs and the printed piece may occur.

Printing - Four Color Process

The four color process print price is based on customer supplied files in acceptable programs. Process graphics must be in CMYK and not RGB. All PMS colors in files will be converted to CMYK process equivalents. We are not responsible for color shifts that may occur when PMS colors in files or RGB files are converted to CMYK. Some colors and PMS numbers fall outside of the achievable color range of digital print and the closest attainable color will be achieved. Never rely on color monitors for accurate color representation. Colorworx® products are printed digitally or off-set based on quantity.

Color Matching

ColorWorx® is a "gang run" style print company. Your job may run on a press sheet with other jobs and will be run to standard color densities. The overall dominant color on a sheet may cause individual job colors to shift slightly. We make every effort to produce a reasonable representation; however, ColorWorx®, like all other gang run commercial printers, does not guarantee an exact color match. Be aware there are color differences that can occur when the same file is run conventional off-set vs. digital print.

Changes or Cancellations

Changes to orders in progress may or may not require additional cost and/or time. Cancellation after order is in progress or materials have been ordered will require payment for work performed, materials generated or re-stocking fees incurred. There is a minimum \$50.00 (P) order cancellation fee.

Production Time

Average production time is noted for each item. ColorWorx® cannot be held responsible for delays due to incorrectly submitted files. Additional time and charges may be required to alter or fix incorrect files. Production times are exclusive of delivery time and are non-contractual.

Damaged Goods/Claims

It is important to inspect all materials upon arrival. In the case of loss or damage in transit, the liability is that of the carrier. Please mark shipper "received damaged" and contact us immediately. A claim must be filed with the carrier within 10 days after receipt of merchandise. All other claims must be made within 30 days of delivery. In the case of errors, our liability is specifically limited to the value of the product we manufacture.

Rights to Promote

The plant reserves the right to use all products produced by the plant in the plant's advertising, promotional literature, displays and sample programs. In addition, the purchaser agrees to assume any liability resulting from actions or demands brought against the manufacturer for copyright infringements.

Samples

A reasonable number of samples are available FREE of charge and are sent regular mail or ground. We can also ship overnight using your shipper number.

Shipping

Freight F.O.B. factory in Michigan. We normally ship UPS ground delivery inside the Continental U.S. Additional charges apply for faster ship method. There is an additional charge for each split ship destination. We cannot be held responsible for arrival date of shipment.

Union Label

Can be added to any product upon request for no additional charge. Products are printed and manufactured in the U.S.A.

Payment/Ordering Terms

You can apply for open account by completing our credit application. Upon approval of open account terms, payment must be received within 30 days from the date of invoice. We accept checks, VISA, MasterCard, American Express and Discover. A purchase order or order form must be submitted before we can process your order. Order forms can be downloaded from our website.

Artwork (Electronic)

We have an electronic workflow and accept all MAC and MAC compatible files. Artwork must be submitted on our design templates and file submission guidelines must be followed to ensure proper file output. Templates and tip sheets are available. Incorrect files will delay production. We will notify you of charges to correct or alter files. When utilizing our FTP site or e-mailing smaller files, be sure to properly label the transmission with your dealer information so we can match it to your order. Send PDF hard-copy of your file expectations with your purchase order or order form.

Artwork (Copy Errors)

Customer files are reviewed before output to ensure accuracy and that your expectations are met. However, we are not liable for errors in customer submitted files or for unexpected file output when no color separated lasers are sent. Additionally, when a remake is warranted the order will be produced according to the original specifications, without alteration.

Proofs

FAX or PDF: \$20.00 (P) each. Color Digital: \$50.00 (P) each. Proof approval or changes need to be indicated in writing. Changes may incur additional prep charges. Production time begins after proof approval. A reasonable variation in color between proofs and the printed piece may occur.

Printing - Four Color Process

The four color process print price is based on customer supplied files in acceptable programs. Process graphics must be in CMYK and not RGB. All PMS colors in files will be converted to CMYK process equivalents. We are not responsible for color shifts that may occur when PMS colors in files or RGB files are converted to CMYK. Some colors and PMS numbers fall outside of the achievable color range of digital print and the closest attainable color will be achieved. Never rely on color monitors for accurate color representation. Colorworx® products are printed digitally or off-set based on quantity.

Color Matching

ColorWorx® is a "gang run" style print company. Your job may run on a press sheet with other jobs and will be run to standard color densities. The overall dominant color on a sheet may cause individual job colors to shift slightly. We make every effort to produce a reasonable representation; however, ColorWorx®, like all other gang run commercial printers, does not guarantee an exact color match. Be aware there are color differences that can occur when the same file is run conventional off-set vs. digital print.

Changes or Cancellations

Changes to orders in progress may or may not require additional cost and/or time. Cancellation after order is in progress or materials have been ordered will require payment for work performed, materials generated or re-stocking fees incurred. There is a minimum \$50.00 (P) order cancellation fee.

Production Time

Average production time is noted for each item. ColorWorx® cannot be held responsible for delays due to incorrectly submitted files. Additional time and charges may be required to alter or fix incorrect files. Production times are exclusive of delivery time and are non-contractual.

Damaged Goods/Claims

It is important to inspect all materials upon arrival. In the case of loss or damage in transit, the liability is that of the carrier. Please mark shipper "received damaged" and contact us immediately. A claim must be filed with the carrier within 10 days after receipt of merchandise. All other claims must be made within 30 days of delivery. In the case of errors, our liability is specifically limited to the value of the product we manufacture.

Rights to Promote

The plant reserves the right to use all products produced by the plant in the plant's advertising, promotional literature, displays and sample programs. In addition, the purchaser agrees to assume any liability resulting from actions or demands brought against the manufacturer for copyright infringements.

Samples

A reasonable number of samples are available FREE of charge and are sent regular mail or ground. We can also ship overnight using your shipper number.

Shipping

Freight F.O.B. factory in Michigan. We normally ship UPS ground delivery inside the Continental U.S. Additional charges apply for faster ship method. There is an additional charge for each split ship destination. We cannot be held responsible for arrival date of shipment.

Union Label

Can be added to any product upon request for no additional charge. Products are printed and manufactured in the U.S.A.

& File Preparation Tips

Artwork Policy

COMMON COLOR MISTAKES:

Blues turning Purple:

Blue is close to purple in the CMYK color spectrum.

When using blue in your design, it is best to use 30% more cyan than magenta to avoid turning purple.

(Example: C-100 M-70 Y-0 K-0)

ARTWORK

Electronic:

We have an electronic workflow and accept all MAC and MAC compatible files. Artwork must be submitted on our design templates and file submission guidelines must be followed to ensure proper file output. Incorrect files will delay production. We will notify you of charges to correct or alter files. When utilizing our FTP site or e-mailing smaller files, be sure to properly label the transmission with your dealer information so we can match it to your order. Send PDF of file expectations with your purchase order or order form.

Copy Errors:

Customer files are reviewed before output to ensure accuracy and that your expectations are met. However, we are not liable for errors in customer submitted files or for unexpected file output. Additionally, when a remake of the job is warranted, the order will be produced according to the original specifications, without alteration.

PRINTING - Four Color Process

The four color process print price is based on customer supplied files in acceptable programs. Process graphics must be in CMYK and not RGB. All PMS colors in files will be converted to CMYK process equivalents. We are not responsible for color shifts that may occur when PMS colors in files or RGB files are converted to CMYK. Some colors and PMS numbers fall outside of the achievable color range of digital print and the closest attainable color will be achieved. Never rely on color monitors for accurate color representation. Colorworx® products are printed digitally or off-set based on quantity.

COLOR MATCHING

ColorWorx® is a "gang run" style print company. Your job may run on a press sheet with other jobs and will be run to standard color densities. The overall dominant color on a sheet may cause individual job colors to shift slightly. We make every effort to produce a reasonable representation; however, ColorWorx®, like all other gang run commercial printers, does not guarantee an exact color match. Be aware there are color differences that can occur when the same file is run conventional off-set vs. digital print.

PROOFS

FAX or PDF: \$20.00 (P) each. Color Digital: \$50.00 (P) each. Proof approval or changes need to be indicated in writing. Changes may incur additional prep charges. Production time begins after proof approval. A reasonable variation in color between proofs and the printed piece may occur.

Build your artwork on the
"Customer Artwork" layer.

Be sure to delete or hide the
"template" layer before final print.

 Keep all type (text) 1/8" from outer cut line.
Use the inside purple border as a guide.

 All copy that bleeds past the outer cut line
will need to extend to the yellow border.

Upload Artwork

An order moves through our system quickly if the Purchase Order (or Order Form) is sent electronically as a separate file along with the artwork. Please do **NOT** fax a duplicate of the Purchase Order.

Upload Artwork
(Maximum 400MB)

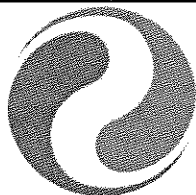

Email Artwork
(below 10MB)

**Download Artwork Checklist
& File Preparation Tips**

Artwork Policy

COMMON COLOR MISTAKES:

Blues turning Purple:

Blue is close to purple in the CMYK color spectrum.

When using blue in your design, it is best to use 30% more cyan than magenta to avoid turning purple.
(Example: C-100 M-70 Y-0 K-0)

ARTWORK

Electronic:

We have an electronic workflow and accept all MAC and MAC compatible files. Artwork must be submitted on our design templates and file submission guidelines must be followed to ensure proper file output. Incorrect files will delay production. We will notify you of charges to correct or alter files. When utilizing our FTP site or e-mailing smaller files, be sure to properly label the transmission with your dealer information so we can match it to your order. Send PDF of file expectations with your purchase order or order form.

Copy Errors:

Customer files are reviewed before output to ensure accuracy and that your expectations are met. However, we are not liable for errors in customer submitted files or for unexpected file output. Additionally, when a remake of the job is warranted, the order will be produced according to the original specifications, without alteration.

PRINTING - Four Color Process

The four color process print price is based on customer supplied files in acceptable programs. Process graphics must be in CMYK and not RGB. All PMS colors in files will be converted to CMYK process equivalents. We are not responsible for color shifts that may occur when PMS colors in files or RGB files are converted to CMYK. Some colors and PMS numbers fall outside of the achievable color range of digital print and the closest attainable color will be achieved. Never rely on color monitors for accurate color representation. Colorworx® products are printed digitally or off-set based on quantity.

COLOR MATCHING

ColorWorx® is a "gang run" style print company. Your job may run on a press sheet with other jobs and will be run to standard color densities. The overall dominant color on a sheet may cause individual job colors to shift slightly. We make every effort to produce a reasonable representation; however, ColorWorx®, like all other gang run commercial printers, does not guarantee an exact color match. Be aware there are color differences that can occur when the same file is run conventional off-set vs. digital print.

PROOFS

FAX or PDF: \$20.00 (P) each. Color Digital: \$50.00 (P) each. Proof approval or changes need to be indicated in writing. Changes may incur additional prep charges. Production time begins after proof approval. A reasonable variation in color between proofs and the printed piece may occur.

BUSINESS CARDS

Don't Let Your Business Card Get Lost in the Shuffle!

These professional four-color business cards make a statement. A unique business card projects your company's image: fun, professional, distinguished or creative. Don't overlook other uses for these colorful cards such as: coupons, punch cards, event tickets, appointment cards, or sports schedules. Cards are printed on 14 pt. C2S stock with high gloss UV coating on the front. You have the ability to write on the back (non-UV) side.

RACK & SELL CARDS

Promote Your Business and Get Noticed!

Rack cards fit perfectly into literature racks to showcase your property, attraction, location or restaurant. Great for point of purchase displays, Chamber of Commerce Packets or at Visitor's Centers. Use them anytime you want to get your business noticed. Use the 4" x 9" rack card or consider a larger 8½" x 11" sell card.

GREETING & NOTE CARDS

Send a Unique Message!

Unlike store bought cards, you create a card with your personal brand! Great for thank you notes, holiday wishes, promotional and sale notifications or invitations. You can even include a 4" x 6" photo with your message – see **Item 50-55-046**. You have the ability to write on the inside (non-UV side) of all cards. Plain white envelopes are available for an additional charge.

TABLE TENTS

Table Tent Dimensions and Applications

An effective advertising tool in the service industry, table tents are a colorful way to display a restaurant's daily special, a lounge's exotic drink or a hotel's breakfast buffet. Don't overlook its potential at reception desks, tradeshow or checkout counters.
